COMPUTER AND NETWORK MAINTENANCE PLANS

HOURS	HOURLY CHARGE	WEEKLY PAYMENT	PLAN TERM
2/Fortnight	\$66.00	\$66.00	1 Year
2/Week	\$64.90	\$129.80	1 Year
5/Week	\$63.80	\$319.00	1 Year
10 or more/Week	\$63.25	\$632.50	1 Year

- All of the above listed services are included in the plans.
- All extra hours will be charged at the low hourly rate of the plan you are on, so once you are on a plan you know you'll always pay at least \$22.00 less per hour, than you would if you were not on a plan.
- All payments must be via EFT to BSB NO.: 013 011 - ACC NO.: 7572 78928
- Hours are non transferable unless prior arrangement is made.
- Work is done at the same time each week. Plans of 10hrs/wk or more can be broken up over several days

There are obvious money saving benefits when on a plan, however the benefits go even beyond that. When computers and networks are regularly maintained there is less downtime because of breakdowns, as breakdowns become fewer.
